### Sewing:

1. Prepare the monthly window squares. You may color them, stitch them or leave them plain. Press under a scant 1/4" on all sides. Hold in place with a fusible tape like Steam-A-Seam or stitch around the block.
2. Mark a diagonal line on one 8-1/2" square. Place it on one corner of the 16-1/2" x 20" rectangle. Sew on marked line. Trim, leaving a 1/4" seam allowance. Press open. Repeat with remaining square to make the peak of the roof.
3. Fold the strips for the flange in half lengthwise and press. Using a scant 1/4" seam, add a flange to each long side of the house, then to the top and bottom.
4. Add a border strip to the top and bottom, then to each side.
5. Layer the top, batting and backing. Quilt and bind.
6. Display the monthly block windows on your wall hanging and enjoy!
